## *Teas*

### **EVERYDAY BREW**

Teapigs signature blend, our daily cuppa, our English breakfast, our builders brew, our Rosy Lee; call it whatever you want but our everyday brew is the ultimate British favourite. Three delicious teas: Assam, Ceylon, and a Lovely Rwandan blended to give a balanced, malty, zesty alliance

### **DARJEELING EARL GREY TEA**

The finest Darjeeling from the foothills of the Himalayas and add zesty bergamot citrus from sunny Southern Italy create this altogether more elegant tea.

### **CHAI TEA**

Blended rich, malty Assam tea with exotic cardamom pods, cinnamon, ginger and vanilla to develop our own blend of this delicious, satisfying and yummy beverage that encapsulates all the colour and vibrancy of India in a cup.

### **SUPER FRUIT TEA**

This naturally caffeine free herbal tea is literally bursting with berries. The invigorating hibiscus flower base gives this tea a lovely deep red hue and a punchy and slightly tart taste

### **MAO FENG GREEN TEA**

A delicate natural flavour of summer air, peaches and apricots turning a clear pale green when infused.

### **ROSE CONGOU**

A delightful combination of Anhuī Keemun China Tea, Rose petals and Rose oil. Refined and elegant and quite suitable for a delightful afternoon tea.
